Giving and Receiving through Adullam Grants

Introduction

Grant administration is one of the service offerings of Adullam Consulting & Grant Administration Services. We offer this service to donors (corporate and individual) who desire to obey God by providing financial support to people in need. We do this by providing to donors an existing platform for their charitable initiatives. Through our various funds, we provide a professional avenue for donors to positively impact the lives of people in need in a safe, effective, efficient and sustainable manner.

Adullam Grants have been designed to meet the expectations of God economic system. Our funding windows were created in line with the scriptures and defined in such a way as to deliver the maximum life changing impact on its beneficiaries, in line with God's expectations.

It is God's expectation that in addition to receiving the benefits of a grant, beneficiaries are also introduced to the gospel of Jesus Christ, such that they can through faith in God and walking in His commandments wean themselves off dependence on grants and become mighty men and women in the world. This is value for money for the grants! This expectation is communicated in 1 Samuel 2:7-8.

The LORD makes poor and makes rich; He brings low and lifts up. He raises the poor from the dust and lifts the beggar from the ash heap, to set them among princes and make them inherit the throne of glory”

(1 Samuel 2:7-8)

The inspiration for the Adullam Grants is based on the template patented by God in his dealings with David, the king of Israel. We refer to this template as the 4-Ds of God in caring for the poor

Basis for the Adullam Grants

The 4-Ds are described in the same passage of scripture in 1 Samuel 22:1-2. They are:

1-David

A leader who takes responsibility to care for the poor and teach them how they can become great by living the way God wants them to live. This is the role Adullam seeks to play in caring for the poor in our society.

2-Distress

Businesses currently faced with a significant business issue that threatens their future. Adullam provides bible-based consulting advice to assist these businesses through such challenging times. There is no grant fund attached to this.

3-Debt

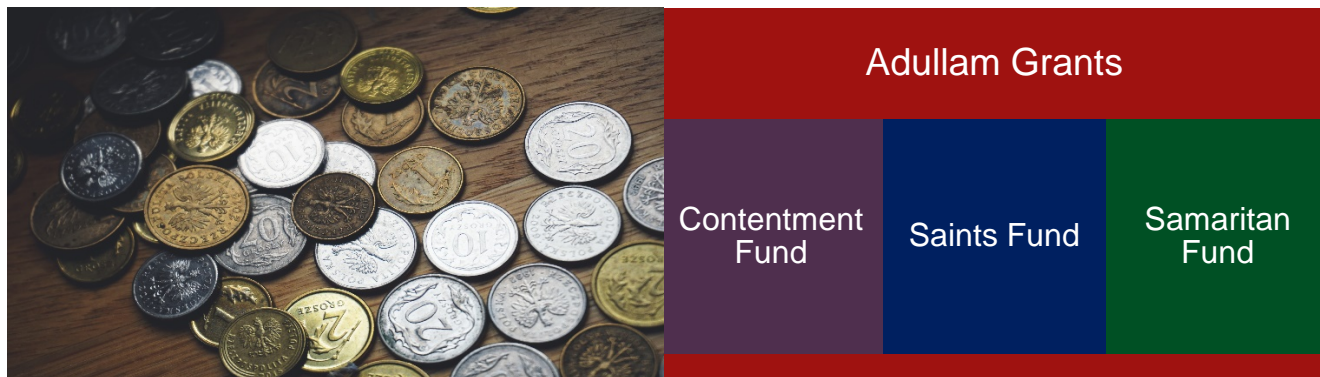

Individuals and their families in net debt financial positions who need help to improve their financial position by starting or refinancing a business. Adullam provides one-off capital grants and business advisory to enable their businesses.

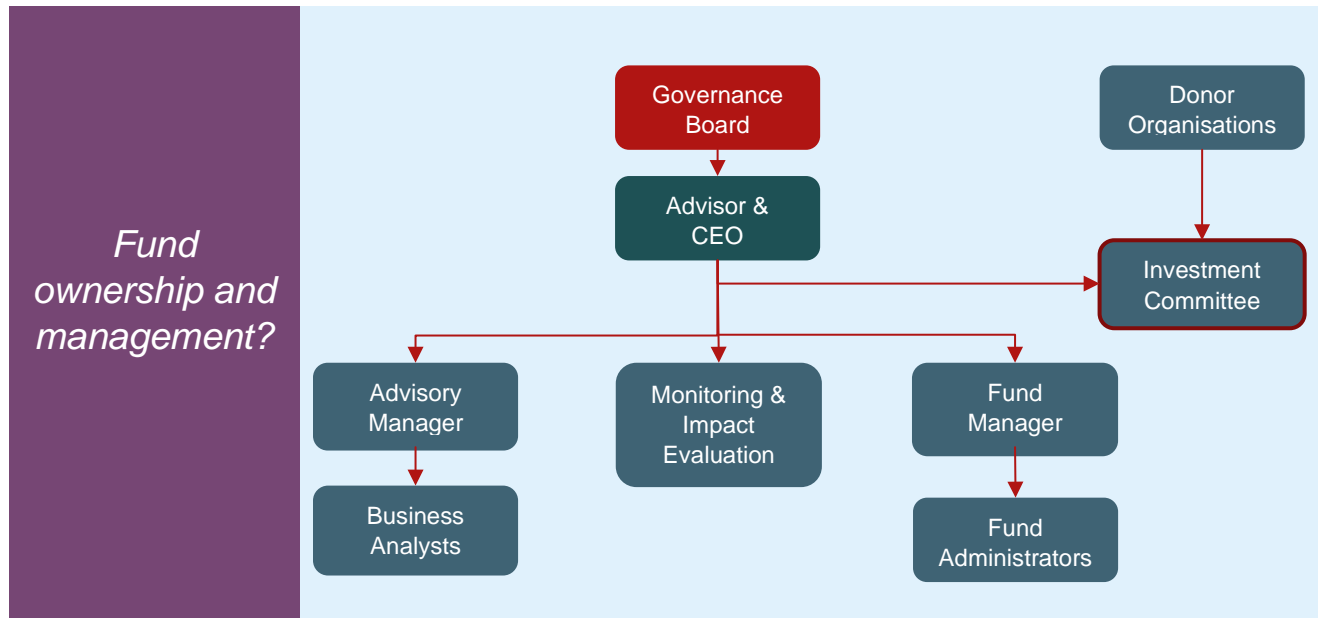

4-Discontent

Indigent persons who lack the necessities of food and clothing. Adullam provides grants to assist by supporting humanitarian organisations engaged in providing livelihood support to such persons.

Adullam grant funds provide an existing platform of generosity for corporate organisations and individuals to participate in God’s economic system

	Contentment Fund	Saints Fund	Samaritan Fund
Objective	The Contentment Fund is established to provide the necessities of life to indigent persons who lack food and clothing and may be homeless. The activities of the fund also include sharing the gospel of Jesus Christ with such persons. The fund was created in line with 1 Timothy 6:6-8 and 1 Timothy 6:17-19	The objective of the Saints Fund is to issue capital grants to Christians who are in net debt financial positions and require help to fund their business initiatives. The fund was created pursuant to 2 Kings 4:1-7 and 2 Corinthians 9:1-5	This fund is established to support the finances of those who have been recent victims of accidents and disasters that have created health emergencies for them. The fund was created in line with Luke 10:30-37
Eligibility Criteria	Available by application to humanitarian organisations (selected countries only) engaged in providing food, clothing and shelter to indigent persons. Subject to other fund specific requirements and a formal contract.	Can be accessed by application and subject to Adullam’s independent validation of the prospects of the proposed business and its compliance to God’s economic system. Applicants are expected to have taken the full suite of Adullam Courses. Subject to other fund specific requirements and a formal contract.	Beneficiaries may apply or can be identified by the Fund Administration team. Subject to other fund specific requirements and validation checks.

The Adullam Funds are generated from the donations of corporate organisations and individuals. Adullam acts as a trustee of these Funds and provides services to ensure they are administered in strict compliance with their published mandates.

Transparency in the administration of the funds is achieved with the Fund Administration team drawn from seconded staff of major donors and staff of Adullam Consulting & Grant Administration Services. The governance and organisation structure for Adullam is as shown above. The Funds are managed in line with best practice fund management procedures obtainable in the development sector.

Fund governance and approval for grants is provided by an Investment Committee comprising nominated representatives of the major donors. Fund administration processes have been defined to ensure adequate controls and efficiency in the application, review, selection and disbursement procedures. These processes benefit from robust monitoring and evaluation and impact evaluation frameworks.
